 - Air rifle and pistol-Grade 3 & 8 years
 - Shotgun, 22 Rifle, 22 Pistol-12 years
- Woodworking- Our members are able to join another club's meetings

There are many, many project choices in 4-H. If you have a talent or interest, there is probably a project related to it! Please consider helping out our club by sharing your time and ability. Some projects require only a few meetings but would mean so much to our club members. Being a project leader fulfills the "Parent Participation" requirement.

Tucker 4-H Project Information 2023-2024

Age Requirements:

4-H membership is open to all youth beginning in 5K (five year old kindergarten) through one year beyond high school graduation and not to extend beyond the age of 19 as of December 31st of the enrollment year.

K5-2nd Graders: Children in this age group enroll in the Cloverbud project. They get to explore the many different project opportunities available in 4-H. When children are in 3rd grade, they may begin to enroll in the specific project areas.

Archery/Shooting Sports: Required age as of the first project meeting of the current 4-H year:

Air Rifle, Air Pistol, and Archery: 8 years old and minimum of 3rd grade

Shotgun, .22 Rifle, .22 Pistol, and Muzzleloading: 12 years old

Small Animal Projects: rabbit, cat, dog, poultry, small animals (hamster, bird, etc.)
3rd grade to be in the project

Large Animal Projects: sheep, goats, swine, beef, dairy, horse
4th grade to be in the project

While a youth can enroll in the above animal projects if they meet the minimum grade levels listed, there may be some project-specific age restrictions, in regards to safety at the digression of the project leader, that may limit full participation in the project.

Age minimums to exhibit projects at the Racine County Fair may be different than 4-H project age or grade minimums. For example, Racine County Fair exhibitors must be 10 years of age as of January 1 of the fair year to exhibit large animals (i.e. dairy, beef, sheep, swine, goat, horse, or other exotic domesticated animals) and 9 years of age as of January 1 of the fair year to exhibit rabbits and poultry. In addition, some Shooting Sports ages for Racine County Fair exhibition may be different than 4-H ages. For more information, please contact the Racine County Fair.

Enrollment:

After you submit your 4-H member enrollment on 4Honline, it is sent electronically to your General Leader. It will be approved when membership dues are received. Then, the enrollment is sent on to the Extension Racine County office to be reviewed and approved. If there is missing information, you will receive a notice to update the information and resubmit the enrollment.

Members need to fill out a google form specific to our club. See the website for the link.

Please keep your contact information and project list current on 4honline throughout the year.
